"The first film about Gaza made By Palestinians living the reality of Israel's siege and blockade of this tiny conclave. It is the story of two young women, survivors of Israel's Operation Cast Lead. Mona Samouni and the filmmaker, Fida Qishta. They represent the spirit and future of Palestinians. It reveals the strength and hope, the humanity and humor that flourish among the people of Gaza. Few films document so powerfully and personally the impact of modern warfare and sanctions on a civilian population." (movie promo)
